

ABSTRACT OF THE DISCLOSURE

A package particularly for packaging food products, comprising an inner package sheet, which individually wraps each product of the package and is composed of a coextruded film constituted by two outer layers of a styrene-
5 butadiene copolymer resin and by a central layer chosen among polythene, polypropylene and other plastic material, and an outer package sheet, which wraps around a set of products contained in their respective inner packages and is composed of a high-barrier film coupled to a paper film.
